WEEKLY PRODUCT UPDATE - 25/03/19

Hello all, we are all excited this week as we are off to visit the farms on Wednesday! If you have not already booked your space, we have a couple left! Get in touch!

Some amazing products this week, such as nettles, artichokes - Jerusalem and globe, Jersey mids, wild garlic leaves, rainbow raddish, Spanish broad beans and peas. Lots of fabulous baby veg, beetroots, carrots, turnips, fennel...

Good Romanesco from France and purple and yellow cauliflower are easier to get lately.

Purple sprouting broccoli are still excellent value for money!

Grilotte onions and scallion onion have started and are superb! It really feels like spring... especially when you look at the forager corner with all those amazing wild flowers such as 3 cornered leek flower or gorse buds!

Some very nice Charentais melon from south America and great Yorkshire forced rhubarb more in line with carbon foot print!
